ABOUT ME

Recent B.Sc. IT graduate with hands-on experience in Python, SQL, Excel, and Power BI, along with internship experience in financial data processing and analytics. Skilled in data cleaning, reporting, dashboard creation, and automation. Seeking entry-level opportunities in Data Analytics, MIS, Reporting, or Business Operations where analytical and technical skills can contribute to efficient business decision-making.

nt B.Sc. Vocational IT graduate with expertise in Python programming and data

EDUCATION

022 – 2025 |

Completed Final

Semester: July 2025

B.Sc. Vocational in Information Technology

Manas College of Science, Technology, and Management, Pithoragarh

Relevant Coursework: Python Programming, Data Structures, Algorithms, Management, Data Analytics

Database

April 2021 – July 2022

Class XII (CBSE)

Manas Academy, Pithoragarh

April 2019 – May 2020

Class X (CBSE)

New Beersheba Senior Secondary School, Pithoragarh

EXPERIENCE

07 / 12 / 2024 TO

07 / 05 / 2025

GROW MORE

Finance Internship

- Developed Python scripts to automate financial data processing, reducing manual effort by 25%.
- Utilised Pandas and Excel for data cleaning and transformation, ensuring accurate financial reporting.
- Created Power BI dashboards to visualise financial trends, aiding strategic decision-making.

SKILLS

Programming Languages: Python, SQL, JavaScript, TypeScript

Python Libraries: Pandas, NumPy, Matplotlib, Selenium, OpenPyXL, BeautifulSoup

Data Analytics Tools: Power BI, Excel, ETL Processes

Other Tools: Git, VS Code, SQLite, MongoDB, RESTful APIs

Soft Skills: Communication, Leadership, Problem-Solving, Punctuality, Data Cleaning, Dashboard Reporting, Excel Reporting, Business Reporting, MIS Reporting, Data Visualization, KPI Tracking, Automation

PROJECTS

Expense Tracker Application (Python, Tkinter, SQLite)

- Built a desktop application using Python and Tkinter to track personal expenses, with SQLite for data storage.
- Implemented features for adding, categorizing, and visualizing expenses, improving budgeting efficiency by 30%.
- Hosted on GitHub with a user-friendly interface and exportable reports in CSV format.

Web Scraping Data Aggregator (Python, BeautifulSoup, Pandas)

- Developed a Python script using BeautifulSoup to scrape product data from e-commerce websites.
- Processed and stored data with Pandas, generating comparative price reports in Excel.
- Optimised scraping efficiency by 40% through parallel processing and error handling.

CERTIFICATIONS

- Google Analytics Certification, Certificate ID: 114518918, September 2024 – September 2025
- Finance Internship at GROW MORE, 07 / 12 / 2024 TO 07 / 05 / 2025
